Objective: Detail-oriented and motivated graduate seeking a dynamic role to apply technical expertise, problem-solving skills, and analytical thinking while contributing to organizational success and continuous improvement.

INTERNSHIPS AND PROFESSIONAL TRAININGS

TNS India Foundation (TNSIF) – AI with Python Training

Bengaluru Feb 2026-Present

Training focused on Artificial Intelligence concepts and Python programming.

- Learning machine learning fundamentals and AI model development using Python.
- Working with data analysis, model building, and real-world AI problem solving.
- Developing practical skills in Python programming, data handling, and AI applications.
- Strengthening collaboration, analytical thinking, and technical problem solving.

EDUCATION

REVA University Bengaluru

B. Tech – C&IT (Artificial Intelligence & Machine Learning) 2022 – 2026

Major subjects credited CGPA – 8.0

- Artificial Intelligence, Machine Learning, Data Structures, Python Programming

Project : Leaf Sense – Smart Leaf Disease Detection System

- Developed an AI-powered system using MobileNet and ResNet models to detect plant diseases from leaf images.
- Implemented multilingual text-to-speech support in six languages to improve accessibility for farmers.
- Built a web interface for real-time disease detection and treatment suggestions.
- Optimized the system for low-computational devices for rural usage.

Achievements

Third Place - Hack-n-Fly with Copilot Hackathon Reva University. Bengaluru Feb 2025

- Secured Third Place in a competitive hackathon focused on AI-assisted coding. Developed an innovative solution using GitHub Copilot to enhance coding efficiency and automation
  Feb 2025

Certifications

Salesforce Certified Agentforce Specialist

- Certified in designing, building, and deploying AI-powered autonomous agents using Salesforce Data Cloud and prompt engineering.

Python (Basic) Certification – HackerRank

- Demonstrated proficiency in fundamental Python concepts including data types, loops, functions, and problem solving.

Narayana Junior College

Anantapur

Intermediate (MPC) June-2022

Maths,Physics,Chemistry Score- 70%

Montessori Smart School Anantapur

High School June-2020

CGPA - 10

TECHNICAL SKILLS

Programming Languages: C, Java, Python, SQL

Packages & Operating Environment familiarity: Windows, MySQL, Microsoft Excel, Microsoft Word, GitHub

ADDITIONAL INFORMATION

- Strong interest in **Artificial Intelligence and emerging technologies**
- Passion for **learning new tools and building real-world solutions**
- Quick learner with strong analytical mindset
